

Catawba River (SC)

Enjoy: Releases, Access, Trails, Waves.

Catawba River (NC/SC): After a decade-long delay, a bunch of projects on the Catawba are about to begin that have a 5 year deadline starting this winter. These include releases on the Class III Great Falls, and a new gage on Wilson Creek.

Nantahala-Pisgah National Forests

Protect & Enjoy

Nantahala-Pisgah (NC): AW has been working with a lot of local groups to develop a vision for the next forest plan for these important national forests, and submitted a suite of consensus recommendations earlier this fall. The plan is looking good for rivers and recreation so far, and we'll see the draft plan next spring.

Ocoee River (TN)

Enjoy: Releases on Upper and Middle Ocoee

Ocoee River (TN): The Ocoee appears to be on track. TVA will release their draft analysis of the new plan to continue releases this winter, with opportunities for paddlers to comment and get involved.
